MAPPERS

The 1:100,000 Geological Series, a new addition to our map series, has been compiled from the best available geological information available in the scale of 1:100,000 and 1:50,000.

The professional data collection, preparation and analysis of the professional samples was undertaken by the Department of Geology, UNZA.

Scale: 1:100,000. Printed by the author.

Geological map series NG 114.

 PUBLISHED UNDER THE AUTHORITY OF
 THE FEDERAL GOVERNMENT OF NIGERIA
 Professor Niyas Malawa
 Director General
 Nigerian Geological Survey Agency
